J. D. Suthers, Caroline St., Tazewell, Va., says: "I consider Doan's Kidney Pills the best medicine to be used in cases of kidney trouble and I recommend them highly to anyone in need of a medicine of this kind. My kidneys were disordered and caused me to suffer intensely from backache. Doan's Kidney Pills made me well and there has not been the least recurrence of my trouble. Another member of family who was afflicted with kidney complaint found a permanent cure in Doan's Kidney Pills after everything else had failed."

DOING ONE'S DUTY.

Let us do our duty in our shop or our kitchen, the market, the street, the office, the school, the home, just as faithfully as if we stood in the front of some great battle and we knew that victory for mankind depended on our bravery, strength and skill. When we do that, the humblest of us will be serving in that great army which gloriously achieves the welfare of the world.—Theodore Parker.

Eighty-five per cent of the fifteen million boys in the United States are not Christians. Since the beginning of the year 1900, 11 millions boys have passed out of the Sunday Schools without making a definite decision for Christ.

Of all the inmates of penal institutions in North America, 21 per cent are under voting age. This argues wasted energy somewhere. The Sunday Schools are not doing their full duty. The home is not helping the Sunday School as it might do.

After the initiatory work at the meeting of the Eastern Star last Friday night, refreshments were served in the dining hall of the Masonic Temple. An old time candy pulling was had, which was greatly enjoyed by the members present.

Among the "new leaves" turned the first of the year we have failed to note that A. B. Buchanan has stopped smoking, a feat which his friends thought was impossible. A distressing feature of this, however, is that the gentleman says his appetite has greatly increased since cutting out the weed.

Graham furnishes a story of a panther having been seen in that community recently. The cold weather is driving the wild animals of the mountains to the farm houses, and it was not an uncommon thing in Tazewell county many years ago to see panthers, bear, deer and other wild animals near the towns when the snow and cold weather was so severe.

Mr. G. S. Alley, of McGuire Valley, was here Wednesday. Mr. and Mrs. Alley lost their child, twenty-two months old, last Friday, the burial taking place Saturday near the home. Passenger train No. 6, due here at 6:23, came near meeting with a serious accident on the lower Clinch Valley Sunday night. The pony trucks of the engine, which was being driven by "Bob" Shelton, jumped the track, and ran for some distance on the frozen ground. If the ground had been soft, it is probable that the train, entire, would have been overturned in a nearby ditch.

A bill has been introduced in the Legislature to cut down the salary of various county officers throughout the State in proportion to the population of the counties. If the measure becomes a law the salaries of the Tazewell officers will be effected as follows: County Clerk, \$1,450; Treasurer, \$2,250; Sheriff, \$1,100. As the commonwealth's attorney's salary is not reduced, the presumption is that the patron of the bill was once, or is now, a Commonwealth's Attorney of Virginia.

Rev. and Mrs. George Buston have returned from their visit to their daughter, Mrs. Cammack, at Greencastle, Ind., much improved in health. Brother Buston is not "giddy-headed" since his return. He thinks his trip was of much benefit to him and also the same for Mrs. Buston.

A move has been on foot for several weeks to establish a telegraph office in this town for the convenience of the business men who now send and receive all messages through the office at North Tazewell. The first proposition was to put the office in the telephone central here. Sometime ago the express company was also petitioned to put a branch office here. A large number of names, including all the business men of the town, were signed to the petition, in Richmond. This, along with the telegraph office, is hanging fire somewhere, but may pan out and materialize with the advent of spring weather.

Prof. W. W. Carson has returned from a two-weeks trip to Florida very much in love with the Land of Flowers. When asked how much the big stories and wonderful claims made for Florida's climate should be discounted, he said: "None at all," and says all that is claimed is absolutely fair and truthful, and that Florida is a great country. From flowers, green trees, singing birds, into a snowbank, with the mercury at or below zero, is a contrast sure enough!

Bolling passed through town yesterday for burial at the old home in Thompson Valley, where deceased formerly lived before moving to Norton several years ago, at which place he died on Wednesday morning. He is survived by one son and three daughters, all of whom accompanied the remains. Deceased was about seventy-five years old. He was a gallant Confederate soldier, and went out from Tazewell with the immortal 45th regiment, and was engaged in several battles, in which he exhibited bravery and fearlessness.

Death of a Good Mother

Mrs. Heldreth, the beloved wife of Mr. J. J. Heldreth, died at her home in the southern part of town Wednesday afternoon, at 4:30 o'clock, after a brief illness from pneumonia. Besides her husband she leaves a family of eight children. She was about 40 years of age.

Mrs. Heldreth was a consistent member of the Methodist church, and died as the Christian dies, in the assurance of a better and happier life hereafter.

Mrs. Heldreth was a native of Wytche county, where her father and mother still reside. She was a woman of fine character, an indulgent, but a careful, anxious mother, and a devoted wife. The children and husband are sorely bereaved, indeed, in her death. The entire community is grieved. Mrs. Heldreth was popular and beloved among a large circle of friends, and neighbors in this town and in the county of her birth.

The sympathy and prayers of many friends go out to the father and his motherless children in this dark hour.

During a recent sojourn in Washington and Lee University, our student secretary, W. M. Bunts, organized and placed on foot in that college a Student's Prohibition Movement.

Our basket ball team returned from its eastern trip Wednesday, as winner of two games out of five, but with the satisfaction of knowing that the three lost were closely contested. Athletic authority considers the game at the University of Virginia one of the very best ever played in the history of basket ball. At the end of the first half, the score stood 12 to 12, remaining almost as close till the finish. On this trip our team played five of the strongest teams in the state. Our boys returned singing loud the praise of hospitality and courtesy shown in all the institutions where they were guests.
